Discreet Minister Would  
Reign Parchments.

Methodists Boiled at Baker's  
Effrontry.

"There is a minister, always a minister," one held good in some of the denominations of Christendom, but this dogma doesn't "go" with the Methodists, and the attitude of one of their discredited ex-preachers to again break into the fold and claim a place in the ministry, for him to perform the offices of a Christian minister, is stirring up a hornets' nest in Los Southern California, conference.

H. E. Baker, now of Fresno, but of memory reputation at Chico, and elsewhere, where he was a popular minister, who is asking to be received in the ministerial lists, often is alleged by his opponents to have done violations of the law of the church; an evasion of the State tax, and a career that was a disgrace to the church and to his profession, and which, with a relation with the wife of his parishioner; the breaking up of that home, and finally, the wife of the minister and the woman in question, where they were married, subject to the law of the church and to the intent of the laws of the State in which they held their residence.

CHEWED HIS EAR.

Socialist's Argument Silenced—But Why Did Chandler

H. T. Chandler came out second best in an argument on Socialism at the Arroyo del Rio, last Saturday, when taken to the Receiving Hospital with a badly bowed and bleeding ear, he stoutly proclaimed: "It took two of 'em to do it."

Chandler had just returned from Downey and found a red hot argument in progress on the sidewalk. An old man and his son were extolling the virtues of the Socialist party in loud tones, when Chandler joined the party and began airing his "anti" sentiments. The old man took vigorous exception to the Socialist's views and finally called him a liar. Chandler told the man he was too old to fight, but he thought he could accommodate the Socialist. The old man was like Barkis. Something was done at once.

The old man couldn't keep out of the row, and so it was who chewed Chandler's ear, so the latter says. No arrests were made.

They thought the old man was the City Market when he saw Smith and the chickens of Lem, a merchant who has a small grocery store on the corner of Main and Spring. Smith made a dive for the rear and ran down Third Street, thought of the big fellow who was off the car in pursuit, and ran

over to the rear of the building.

## DOES THIS MEAN RIVAL LINES?

### PECULIAR FRANCHISE APPLICATION FILED AT COLTON.

May be First Step of Southern Pacific in Opposition or Competition With Huntington's Traction Line Plans—Gap of Half Mile Left in Route Asked for.

COLTON, Nov. 12.—Electric railway talk is again growing in interest in Colton. At the last meeting of the Board of City Trustees, W. O. Roche filed a petition asking for a franchise or a street railway from the corner of 10th and Main avenues and Colton avenue to the corner of G and 10th avenues; also from the corner of Ninth and G streets, West on G to Fifth and down Fifth to the city line.

The fact that they made this jump and left fully one-half mile on Ninth and G to the G and 10th streets for which they make no franchise aroused much curiosity and many surmised as to what may be their intentions. There is much speculation as to what the petition may lead to, and what it may have been the intent of H. C. Gibson to do. They will not release further information until they should receive further information.

Is it a question whether the Southern Pacific will again enter the field in opposition to Huntington and whether the mysterious Mr. Boice may not have some connection with Mr. Harvey. Some think the proposed franchise company will utilize the Southern Pacific track on Ninth street fully one-half mile to the city line.

COLTON IN BRIEF.

Don Johnson died yesterday to T. Young, 20, of 10th and G, \$150 for one of which is a new cottage. The price was \$1250. The property is located on T street between Ninth and 10th.

Mrs. George Pierce was badly scalded in the face and shoulder yesterday morning by the upsetting of a pot of boiling water.

T. J. Flanigan, general manager of the California Portland Cement Company, attended the Colton wedding yesterday. Rev. A. G. Toprakhanian is spending a few days in Los Angeles and at the coast.

V. E. Philip departed yesterday for Los Angeles where she will visit friends.

## INVITED TO GO TO SALT LAKE.

### IRONAUTS TO BE GUESTS OF THE NEW RAILROAD.

Clark's Line Wants to Show the Difference Between the Way They Came West and Modern Travel. Wife Says Husband Deserved Her and Left Her Penniless.

MAN BERNARDINO, Nov. 12.—The Salt Lake has adopted a novel plan to celebrate the opening of the road from the Pacific coast to Salt Lake City, having sent a personal invitation to the argonauts who came across the plains by wagon to take a trip over the new road to the Mormon city. The invitation was read last evening at a meeting of the pioneer society. There are very few who can take advantage of this invitation, there being no more than half a dozen of the pioneers of those early days left here. This invitation will include arguments all over the State, so the first excursion will be to the new Salt Lake and Salt Lake is likely to see between 300 and 300 of the old guard along.

DISPUTED BONDS PAID.

Increase in property values here and the demand for realty has resulted in settling a bond issue, which was made fifteen years ago, in improvements, main roads, streets. Owning a failure of the contractor to whom he made the improvements the property holders, whose bonds were paid off, have been compelled to make payment, and as a result suits were recently brought, and the anticipation was for costly litigation, but the demand for the property after the bond was paid off, and the desire to buy again the bond payments were made, has led to complete settlements and dismissal of all suits.

FORGOT HIS VOWS.

Mrs. Maud Woodman, a child-wife of course, says she has been deserted by her husband and son, who he has resided with a woman in the tent colony district. The young wife was married but a few months ago to Woodman at Ventura, and coming here she gave birth to a child three weeks ago, since which time Woodman has deserted his self to the woman with whom he is alleged to have gone off. The child has appealed to the officers to assist her in getting her husband, who has left her completely destitute.

FIRE STILL THREATENING.

The big fire on Cucamonga Mountain is still smoldering, and bids fair to break out anew in hundreds of different places. The fire fighters have so far prevented any very great loss of life to prevent another outbreak.

ANOTHER FRIE FIGHT.

There is to be a big fire raised tomorrow night when it becomes known among the public that the City Trustees have given consent for the holding of a fire. Immediately after the fake bout between Kid Dewey and Kid Williams, last August, the neighborhood in which the pavilion is located became a favorite meeting place for the two parties, and an ordinance prohibiting fights in the pavilion in the future. Now the same organization which pulled off the other fight there has come along and agreed to have the two parties, Kid and Billy Chambers, which is scheduled to take place Monday night, and it advertised for the pavilion.
